

your partner for the perfect affair

For over 35 years Eastern Audio has been creating successful events throughout Newfoundland and Labrador... events that have been professionally produced, supported by our advanced technical team, and **have exceeded our clients' expectations.**

We supply all the things you'll need for your audio visual or trade show event. Everything from boardroom PowerPoint presentations to ultra wide screen image blending projection, from small PA systems to large concert audio and lighting systems, from custom floor plan design, electrical services and show management to materials handling. **We have the services you need.**

With offices in St. John's, Gander and Corner Brook, Eastern Audio is well-positioned to provide specialized audio visual rentals and services **throughout the Province.**

Our team will work with you... from the early planning stages to on-site coordination and technical support.

Make us your audio visual partner. Because we have the best people. Because we have the best equipment. Because we have the most experience.
